# Commitment to customer success

**We are BlueScope Distribution Melbourne, a leading steel and aluminium distributor and solutions provider.**

Servicing Melbourne metropolitan and surrounding suburbs, we are your convenient single-source supplier and processor of everything from BlueScope's massive range of premium products. In addition, we supply Aluminium from our carefully selected partner brands.

Including a diverse range of processing capabilities, our team offers knowledge and experience, technical knowhow and project management, as well as assisting our customers in managing their supply chain. With BlueScope Distribution you get everything under one roof. It's all about making life easier.

With extensive experience and a comprehensive steel and aluminium product range, we have the ability to service customers supporting a range of industries across the Melbourne metropolitan region.

**We have a NEW aluminium CNC flat bed router, which provides the following benefits:**

- » The ability to process aluminium plate and sheet up to 3.2m wide, 12.5m long and 150mm thick.
- » Profiling, milling and hole cutting capabilities along with advanced processing options - speak with our team to find out more.
- » The ability to precut tabbed material in kit form, scribed or ink marked for part identification and ready for assembly.
- » A state of the art swarf extractor, protecting the product surface for a clean finish.
- » Our experienced programmers assist with design and nesting solutions to maximise yield and reduce waste.

## Our product range

Livestock handling equipment  
Fencing

# Your single source product, processing and service solutions provider

## 01 Steel. Aluminium.

### Products

We have access to a full suite of steel and aluminium products as well as the ability to produce specially designed steel grades outside of the standard product range, through the BlueScope mill.

As a trusted distributor of steel and aluminium products, we partner with our customers to meet their project requirements. Backed by our commitment to quality, we help reduce compliance risk through our ISO 9001 quality management system. We also ensure full material traceability and compliance via our material test certificates.

Our team can supply you with a variety of steel products including plate, sheet and coil, structural sections, tube and pipe, merchant bar, building and rural products, as well as aluminium plate, sheet and coil, and extrusions.

**Some of our key products include:**

Colorbond® Truecore® Zincalume® Galvabond®  
Zincform® Xlerrplate® TruSpec® RedCor®

## 02 Steel. Aluminium.

### Processing

BlueScope Distribution Melbourne provides a complete range of steel and aluminium processing which enables us to provide ready to use products our customers turn into end user solutions.

We are committed to providing high quality processing capabilities, ranging from steel plasma cutting, bevelling, shearing, slitting and re-coiling to complex and precise aluminium router cutting.

**Our key processing services include:**

  
Steel plate plasma cutting, drilling, etching & bevelling

  
Steel sheet shearing & coil slitting

  
Aluminium routing, sheet shearing & coil slitting

  
Aluminium PE film application for surface protection

## 03 Steel. Aluminium.

### Solutions

Highly recognised for our exceptional customer service, we provide customers with end-to-end steel and aluminium project management solutions, delivering personalised supply chain co-ordination. Our teams have the experience to meet project milestones by coordinating material from multiple suppliers, managing production schedules, transport and delivery to provide one seamless point of contact.

Our ability to label and kit material helps some customers find significant efficiencies in their own production processes, and our team have the technical resources to tackle the most complex project requirements.

  
B2B Digital system integration for ease of doing business

  
Consignment solutions

  
Kitting and product labelling

  
Product identification for ease of installation (steel & aluminium surface etching)

# Achieving business success

We are proudly Australian and work to provide you with quality steel and aluminium products matched with exceptional customer service. Our Value Proposition is based on the following key product and service offerings:

---

## Efficiency

Experience the ease of dealing with a single-source steel and aluminium product supplier, processor and service solutions provider. With the efficiency of doing business with a one point contact, one platform and one set of paperwork - saving you time and money.

---

## Understanding

Our skilled people with depth of industry expertise, technical know-how, and local knowledge strive to provide a unique level of customer understanding. Matched with our responsive service, technical support and problem-solving approach, our team has your business needs covered.

---

## Strength

The strength of our steel and aluminium products made for tough Australian conditions aim to deliver industry confidence. Our product certification, high testing standards, streamlined logistics and reliable delivery timeframes provide our customers the assurance they need.

---

## Certainty

We are proudly Australian and part of the broader BlueScope group of businesses. Our diversified range of steel and aluminium products, processing capability and project management solutions are focused on helping our customers find the freedom to do what they do best. Through our local supply chain, we provide the certainty to meet tight deadlines.
